Dear Mr. Ellsberg:

Allen Ginsberg has suggested that I  
send you a copy of his book, ALLEN

Needless to say, we would be most grate-  
ful for any comments you might care to  
make.

Sincerely,

1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations

which are satisfied by the functions  $u_i$  and  $v_i$  in the domain  $G$ . It is shown that the system has a solution if and only if the functions  $f_i$  and  $g_i$  satisfy certain conditions. The second part of the paper is devoted to the construction of the solutions of the system of equations.

2. The third part of the paper is devoted to the construction of the solutions of the system of equations.

3. The fourth part of the paper is devoted to the construction of the solutions of the system of equations.
